

Membership Application Information

1. Objectives

The aim of itSMF Hong Kong Chapter is to enhance the awareness and adoption of technology, best practices and standards in Services Management in Hong Kong..

The primary objective is to increase the competency level of IT Service Management through -

- Promotion and development of globally recognised qualifications
- Facilitated knowledge sharing among registered members and practitioners

In addition, the Chapter also provides a channel for its members to access the international forum and thus benefited from portfolio of services offered by local and International Chapters of itSMF.

The Chapter also recognizes individuals and organizations who make significant contributions to the advancement of best practice, standards and professionalism in the IT Service Management field.

2. Category of Membership

Two categories of memberships are available

- Individual: This membership category is available to any individual person who maintains a keen interest in furthering the objectives of the Chapter. This membership is non-transferable.
- Corporate: This membership category is available to any organization, company, institute or society interested in furthering the objectives of the Chapter. This category provides ten (10) individual membership at a discount rate from the single membership. Each member is named, name changes are allowed at the discretion of the itSMF and with suitable written notice.

Staff of [Global Member](#) who wants to enjoy the benefit of the local Chapter should register with the Hong Kong Chapter. An annual administration fee will be charged.

Membership Application Information
